

To Whom it May Concern:

I am writing to ask that you not change Indiana's telemarketing laws whether it be for banks or phone companies. In the first place, there is so much junk mail coming from banks that has to be shredded because of the information on the mailings and in the second place, I would not have signed up for the DO NOT CALL program if I wanted a telemarketer to call me. This is ridiculous to think that the government may change what my wishes are because you have big companies like banks and phone companies wanting to solicit via telemarketing. The people that have signed up for the do not call list have spoken as what their wishes are so please do not jepordize those who have selected not to be bothered by telemarketers.

Thanks,
